

## Pre requisites MIT App Inventor

Team ID	PNT2022TMID15028
Project Name	Project - SmartFarmer - IoT Enabled Smart Farming Application

An account in MIT App Inventor has been created.

All function and other template have been tried and operated . The above result was achieved by doing the following steps ;

Step1: Go to MIT App website given in the link and sign up using your own gmail id.

Step 2: Create a new project and start adding the interfaces, sensor value or even web page view.

Step 3: Save your progress and check your app in the mobile interface to check for placement of the interface and working of your app.
